

Hebron Montessori Newsletter

October 2026

Clothing: As the cooler weather approaches, we are excited about welcoming autumn at our school! The students are fully engaged in the joy of learning across all of our classes. We are thrilled that you have chosen Hebron Montessori for your child's education!

Reminder: As the seasons change, please make sure your child has **weather-appropriate clothing** in their cubby. If your child brings home **wet or soiled clothes**, kindly send a **replacement set** the next day. Don't forget to **label all items** — including sweaters, jackets, coats, and hats — with your child's name.

Parent/Teacher Conferences

Our **Fall Parent/Teacher Conferences** will be held on **October 9th** and **October 12th**. Please make sure to **sign up for a conference time** when email received. This is a wonderful opportunity to meet **one-on-one** with your child's teacher to discuss their **progress in the classroom**. Please note that these are **non-academic days**, and only **full-day children** may attend. You are welcome to bring your child during your scheduled conference time, and they will be invited to join the full-day children in the classroom while you meet with the teacher.

Fall Portrait Day

Friday, October 16th is our Fall picture day. The photographer will begin the first thing that morning as children arrive.

Fall Festival

On **Friday, October 23th**, we will host our "Trunk-R-Treat" and Fall Festival event! More details will be shared as the date approaches. Additionally, our Fall Parade will take place on **Friday, October 23rd**.

A decorative border featuring a brown tree branch with orange and yellow leaves at the top left, and a vertical strip of various autumn leaves (red, orange, yellow, green) on the right side. The bottom of the border is a horizontal strip of autumn leaves.

Classroom Updates:

Green Room

Everyone is getting ready for fall and the cooler weather! This season brings so many wonderful opportunities for exploration and learning. Our Montessori work will include learning about the **life cycles of trees and pumpkins**, working with the **Leaf Cabinet**, and collecting and studying our own leaves from nature. After we carve our pumpkins, we'll also wash and roast the pumpkin seeds, along with the sunflower seeds we harvested from our garden.

🌻🎃 Fall is such a fun and exciting time for everyone, filled with hands-on learning, discovery, and wonderful memories!

Yellow Room

October is here, and we are excited for all that autumn brings! Our children will explore fall through Montessori work, including the **parts and life cycle of a pumpkin** and learning about **why leaves change colors**. We will also continue practicing **grace and courtesy** while building skills in different academic areas. **Parent-Teacher Conferences:** October 9 & 12

Please sign up for your conference time.

Fall Parade: October 23

We look forward to a fun month of learning and celebrating fall together!

Blue Room

As the cooler weather arrives, we joyfully welcome the fall season in our infant room! The children will be singing, dancing, and exploring age-appropriate Montessori activities. Hands-on learning is at the heart of our Montessori environment, and we encourage every child to engage actively. During outdoor time, we'll delight in the beauty of autumn as we explore the vibrant, colorful leaves! [Note: This fall sensorial activity involves "touch & feel". Nothing goes in the mouth!]

Red Room

We are excited to welcome fall and enjoy all the wonderful changes this season brings! This month, the children will explore **fall colors and leaves** through Montessori activities, art, sensory play, stories, and songs. We will also spend time outdoors observing nature and the changing weather. We will continue building **independence and Practical Life skills**, including caring for belongings, washing hands, and helping keep our classroom clean. We look forward to a fun October filled with **learning, exploring, and growing together!**

Spanish

🍎 **Otoño / Autumn is Here!**

This month, we will be introducing seasonal vocabulary, along with words related to the school and classroom. We'll also be learning "las vocales" (the vowels) and practicing auditory syllabication. In addition, we'll continue building our math skills by learning numbers 11-20 (los números del 11 al 20).
